What a fantastic turnout, our second yearly Visitor's Day really rocked. I just loved the energy in that room. Or maybe I was just nervous? Regardless, I had a great time and I can't wait for next year's. In the meantime, I've sent our visitors an invitation to apply for membership.

I have received very positive feedback from our visitors. Not really sure why, but I think they liked us.

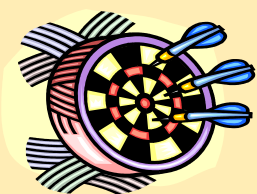

Thanks to all of you that helped make this day a huge success. Our visitor's were really cool. Let's keep up this energy going and move forward with it. Although our goal is to only open our membership selective times during the year, at this time we still have plenty of available categories. See below. 

On another note, check out the great work Claribeth of Samito Studios has been doing with our website.
